

Concentrate for disinfecting and cleaning surfaces in sanitary areas.

Disinfection-Cleaner AF

Our Plus

- tested material compatibility on ceramic surfaces
- dissolves dirt, lime and urine scale

Application areas

Disinfection and cleaning of surfaces and inventory in sanitary areas, such as floors, walls, toilets, washbasins, showers, bathtubs as well as in areas of physical therapy. Suitable for application to glazed tiles, floor tiles and acid-proof enamels.

Instructions for use

Prepare the working solution in the desired concentration. Wet clean surfaces, e.g. floors, wall surfaces, toilets, sinks, showers, bathtubs. Ensure complete wetting. After completing the work, dispose of the working solution and clean the equipment thoroughly with water.
